

# CBIA Voluntary Vision Insurance

## Facts you should know about vision

- ▶ 75% of adults use some form of vision correction.<sup>1</sup>
- ▶ Nearly 90 percent of those who use a computer as little as three hours a day suffer vision problems associated with computer eye strain.<sup>2</sup>
- ▶ Consumer interest in their eye health is strong. Consider that while only six out of 10 people need vision correction, more than eight out of 10 say a vision plan is important to them.<sup>3</sup>
