- Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drugs or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply.
- Amounts paid by members because they must pay a price difference for a brand name drug do not count towards meeting any deductible, coinsurance, copayment or cost share maximum.
- Most specialty drugs are dispensed through specialty pharmacies by mail, up to a 30-day supply. Specialty pharmacies have the same member cost share as all other participating pharmacies and are not part of ConnectiCare's voluntary mail order program. The member cost share for specialty pharmacy is different from the cost share for ConnectiCare's mail order program.
- Many services require that you obtain written Pre-Authorization from us in order for the treatment to be covered under this plan, including services rendered by non-participating providers. Refer to the “Managed Care Rules and Guidelines” section in your membership agreement for more details or call member service at 1-800-251-7722. Without pre-authorization you may be responsible for the total cost of the service.
- For mental health, alcohol and substance abuse services call 1-888-946-4658 to obtain Pre-Authorization.
- In-network preventive and wellness services as defined by the United States Preventive Service Task Force (USPSTF), including immunizations recommended by the Advisory Committee on Immunizations Practices at the Centers for Disease Control (CDC), and preventive care and screenings supported by the Health Resources and Services Administration (HRSA) are exempt for from all cost shares under the Patient Protection and Affordable Care Act (PPACA).
