

FlexPOS HSA Copay \$1500/\$3000 CNT Fixed Funding Solutions Open Access Contract Year Benefit Summary (A)

The individual deductible and out-of-pocket maximum applies if you have coverage only for yourself and not for any dependents. The family deductible and out-of-pocket maximum applies if you have coverage for yourself and one or more eligible dependents. In addition, if you have family coverage, any applicable copayments or coinsurance will not apply to services until the total deductible is met for the family, without regard to how much any one family member has met. No one member will exceed an in-network out-of-pocket maximum greater than \$7,500.

Your ConnectiCare health plan helps you get the care you need. Here are the most frequently used services. Refer to your Health Plan Description on connecticare.com for a complete list of benefits.

Additional Information		
<ul style="list-style-type: none"> • Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drug's or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply. • Amounts paid by members because they must pay a price difference for a brand name drug do not count towards meeting any deductible, coinsurance and copayment. • Most specialty drugs are dispensed through specialty pharmacies by mail, up to 30 day supply. Specialty pharmacies have the same member cost share as all other participating pharmacies and are not part of ConnectiCare's voluntary mail order program. The member cost share for specialty pharmacy is different from the cost share for ConnectiCare's mail order program. • Insulin and noninsulin drugs are covered up to a cost share maximum of \$25 for each 30-day supply. • Diabetes Devices and Diabetic Ketoacidosis Devices are covered up to a cost share maximum of \$100 per 30-day supply. • Please refer to the prescription drug rider for additional cost share maximums regarding diabetic services. Some diabetic services fall under preventive care and cost share may be waived. • Refer to ConnectiCare's Pharmacy Center online at www.connecticare.com for the Value List of drugs that are subject to the member's cost share. • 90 day supply of maintenance medications must be filled through Express Scripts home delivery or a participating Walgreens pharmacy. • For a complete list of covered prescription drugs, please refer to the 2023 Large Group National Preferred Formulary at www.connecticare.com
