Additional information		
<ul style="list-style-type: none"> • Under this program covered prescription drugs and supplies are put into categories (i.e., tiers) to designate how they are to be covered and the member's cost-share. The placement of a drug or supply into one of the tiers is determined by the ConnectiCare Pharmacy Services Department and approved by the ConnectiCare Pharmacy & Therapeutics Committee based on the drug's or supply's clinical effectiveness and cost, not on whether it is a generic drug or supply or brand name drug or supply. • Most specialty drugs are dispensed through specialty pharmacies by mail, up to a 30 day supply. Specialty pharmacies have the same member cost share as all other participating pharmacies and are not part of ConnectiCare's voluntary mail order program. The member cost share for specialty pharmacy is different from the cost share for ConnectiCare's mail order program. • Insulin and noninsulin drugs are covered up to a cost share maximum of \$25 for each 30-day supply. • Diabetes Devices and Diabetic Ketoacidosis Devices are covered up to a cost share maximum of \$100 per 30-day supply. • Please refer to the prescription drug rider for additional cost share maximums regarding diabetic services. Some diabetic services fall under preventive care and cost share may be waived. • 90-day supply of maintenance medications must be filled through Express Scripts home delivery or at either a participating CVS or Walgreens pharmacy. Each member has a choice of the pharmacy used.
