Passage Plans

Passage plans promote close relationships between patients and primary care physicians (PCPs). Each enrolled family member must select a PCP at the time of enrollment. Referrals are required to seek care from specialists.

Members considering a Passage plan should confirm that their PCP is a participating Passage PCP or that they are willing to select a participating Passage PCP. Passage PCPs are located in Connecticut only. Note: Passage members may also use specialists and facilities in New York using the Emblem Health Prime Network under the FlexPOS network.
