You will need your ConnectiCare member ID number available (located on your member ID card) to complete your one-time registration, if necessary.
2. Complete the Two Step Account Verification.
3. Click *ID Cards* in the top navigation.  
You will then have the option to Print an ID Card or Request an ID Card by Mail.

The screenshot shows the ConnectiCare website interface. At the top is the ConnectiCare logo and a navigation bar with links: Home, Find Care, Benefits and Spending, Claims, Approval Status, Health and Wellness, Pharmacy, and ID Cards. The main heading is "ID Cards". Below this is a "Select Member" dropdown menu and a "Current Plan(s)" button. A "Medical ID Card" section displays a preview of a medical ID card with the following information:
